

## ENDURAGEN FOR OIL & GAS

# Remote power that keeps working between site visits

Dependable prime power for unattended assets where access is difficult and downtime is costly.

**6,000**

HOURLY MAINTENANCE INTERVAL

**40,000+**

HOURLY ENGINE LIFE

**NG / PROPANE**

FLEXIBLE FUEL OPTIONS

## Power for the remote assets behind your operation.

### MIDSTREAM & PIPELINES

Valve sites, meter stations, SCADA and cathodic protection.

### VIRTUAL PIPELINE / MOBILE GAS

Fueling, compression, storage and remote controls.

### RNG / BIOGAS

Digesters, gas upgrading skids and monitoring systems.

### UPSTREAM & OILFIELD SERVICES

Wellsite controls, telemetry and communications

### WHY ENDURAGEN

- Continuous prime power on intermittent operations
- Weatherproof design for remote applications
- Fewer scheduled maintenance visits
- Lower service burden across distributed sites

**ENDURAGEN**

**Fewer truck rolls. Longer life.  
Lower operating costs.**
